Combining our best ever cleaning wipes with an effective disinfectant solution make these wipes the ideal solution

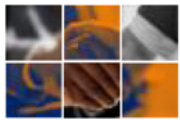

Grime Eez Wipes have been our best selling range of wipes, quickly removing dirt and grime from a variety of surfaces. Being primarily designed for cleaning hands, we've now added a fast acting anti bacterial agent to help sanitise as well as clean the hands. Using an abraasive cloth, weighing around 45gsm, it makes for a tough wipe to combat the toughest of grime
