

oven & microwave thermometers

dial oven thermometer

This stainless steel oven thermometer features a Ø45mm dial with colour-coded zones. The green marker indicates the minimum temperature that heated display units should be kept at. The unit indicates temperature over the range of +50 to +300°C in 10°C divisions. The case measures 40 x 60 x 70mm.

The thermometer can be free-standing or hung from a shelf and should be positioned in the middle of the oven for the most accurate temperature reading.

order code	description
800-931	Ø45mm dial oven thermometer
