Tank Level Gauge

The **MECA** mechanical tank gauge displays the depth of water in rainwater tanks, drums or any fluid container

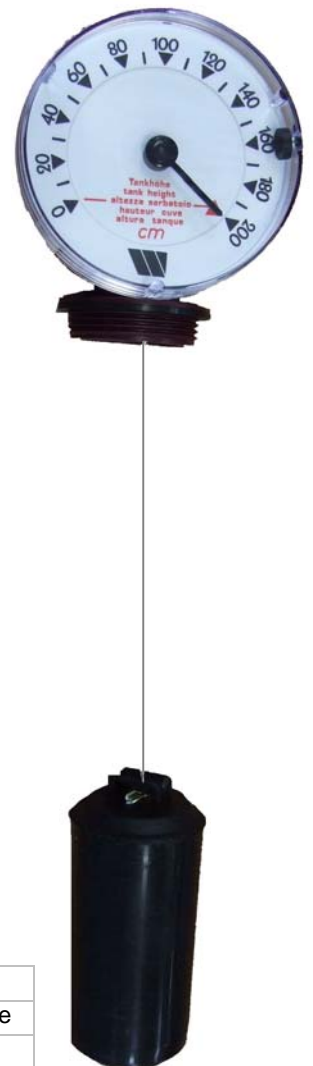

Suitable for tanks up to **2 metres** deep

Easy Installation – 1 ½" male thread. The gauge can be mounted in minutes on the top of your tank using a flange fitting

No batteries or wiring are needed

The gauge comes with a 90mm easy to read dial face, which registers up to 200cm depth when your tank is full and zero when empty

Calibration is easy and requires only the turn of a screw to adjust the dial for tank depths less than 200cm

Order Code	Description
3720000	Meca Tank Level Gauge
3720001	Large Back Nut
