

New

WEICON Metal-Fluid

Universal metal care

New and highly-effective product for indoor care, protection and cleaning of mat and polished metal surfaces, e. g. stainless steel, aluminium, chrome, nonferrous heavy metal etc.

Characteristics:

- preventive protection of new metal parts
- leaves a hand-dry and glossy protective film
- makes treated surfaces look new
- free of silicone, oil and solvents
- neutral in odour
- provides an antistatic layer and prevents dirt from sticking to surfaces again
- temperature resistant from -10°C to $+150^{\circ}\text{C}$

WEICON Metal-Fluid is also suitable for the care, protection and cleaning of ceramics, wood, glass and plastics and is NSF*-registered. Neither etched or printed markings nor plastic surfaces or rubber sealants, e.g. on kitchen equipment, are affected or attacked.

*NSF = Non-food Compounds Registration Programme

Application:

Spray a sufficient quantity of WEICON Metal Fluid onto the surface, distribute the material homogeneously and polish with a dry cloth.

Packing units:

400 ml	spray can	Art.-No.: 11580400
5 l	canister	Art.-No.: 15580005
10 l	canister	Art.-No.: 15580010
30 l	canister	Art.-No.: 15580030

Any product specifications and recommendations given herein must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do warrant the continuously high quality of our products being free from defects in accordance with and subject to our General Sales Conditions. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
