

oven thermometer & timer

- ✓ dual display - temperature & countdown timer
- ✓ high temperature detachable probe

The combined clock, countdown timer and thermometer displays both the actual and the alarm temperature over the range of 0 to +300°C and simultaneously the countdown or the actual time.

The timer will count down or up from/to 23 hours, 59 minutes and 59 seconds and the real time clock will display the time in either a 12 or 24-hour format.

The oven thermometer features an audible high alarm that can be set from the simple to use seven-button keypad. The alarm temperature is continuously displayed. The unit is designed to sit on a worktop or can be attached to an appliance via the magnetic pads at the rear of the instrument.

The thermometer is supplied with a high temperature probe and a two metre stainless steel braided lead. The probe has an insertion length of 150mm (Ø4mm) and incorporates a reduced diameter tip to aid response time.

specification	oven thermometer & timer
range	0 to +300°C
resolution	1°C or 1°F (switchable)
accuracy	±2°C (0 to +200°C)
battery	1.5 volt AAA
battery life	5,000 hours
sensor type	thermistor
display	triple custom LCD
dimensions	21 x 75 x 128mm
weight	89 grams

order code	description
810-060	oven thermometer & timer
