

anti-bacterial wipes & probe wipes

Probe-Wipes & Bacti-Clean - ideal for the food & catering industry

ETI Probe-Wipes are ideal for reducing harmful bacteria in the food and catering industries. Each wipe is pre-saturated with a broad spectrum anti-bacterial solution that is odourless and does not taint food. The probe wipes are effective against a wide range of bacteria including listeria and salmonella. Each wipe contains an effective cleansing solution that helps reduce the risk of cross-contamination.

single sachets of wipes individually packed Probe-Wipes

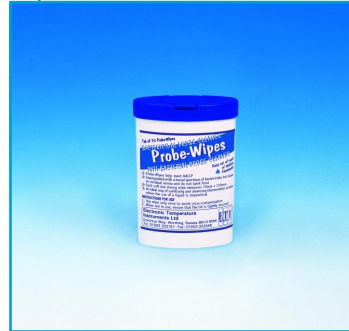

These convenient, single sachet, white anti-bacterial Probe-Wipes are safe and easy to use. Each wipe measures 150 x 195mm.

The soft but strong material is pre-saturated with an anti-bacterial solution that does not taint food.

The single sachet wipes are sold in cartons of 100 sachets.
